Pioneering the Future of Ultrasound

Answers for life.

SIEMENS

SIEMENS Ultrasound at WFUMB Euroson DLT, Vienna

BOOTH Please visit our **booth (#210)** in the main lobby where we will be happy to present to you our latest innovations in ultrasound, such as **Virtual Touch™ Tissue Analytics**, **Cadence™ Contrast Pulse Sequencing**, our all new **6C1HD transducer** and many more exciting technologies.

LIVE SCANNING Our live scanning suite is located in **room 559**, on the same level as the Siemens booth. Visit us to experience the excellent image quality of our **ACUSON S2000** and **X300PE** ultrasound systems.
