The continuous development of your
skills, productivity, and technology **Life**
is what is all about.

Life

Life – Siemens' unique customer care solution that helps you get the most from your investment. With its programs and services Life sharpens your skills so you can see optimal clinical value. It provides the support you need to maximize productivity and it assures that as technology changes, you will always be at the cutting edge.

Life.
You can count on it.

Skills

At www.Siemens.com/MAGNETOM-World you will find helpful information such as case studies, Phoenix images, presentations or product images. Or order your copy of MAGNETOM Flash, the Siemens MR customer magazine that presents product information, clinical methods, application tips, and technical information. Application education, e-learning or professional clinical education in workshops, fellowships or symposia. Find the training you need in the training calendar at www.Siemens.com/MAGNETOM-World.

Productivity

Uptime Service:

The full range of service solutions. Flexible service agreements that include the complete Remote Services portfolio.

Virus Protection:

Shield your system's integrity.

Utilization Management:

Providing detailed equipment utilization analysis and anonymous benchmark information on an ongoing basis. Realize your system's full efficiency potential.

Technology*

Upgrades:

Upgrade to leading applications with Tim, the Total imaging matrix.

syngo Evolve Package®

The obsolescence protection program to keep your system state-of-the art. For optimal system performance and ease of use.

Options and Applications:

Offer new services, increase referrals and optimize productivity with coils, software packages or new applications.

* In the event that upgrades require FDA approval, Siemens cannot predict whether or when the FDA will issue its approval. Therefore, if regulatory clearance is obtained and is applicable to this package, it will be made available according to the terms of this offer.
