	<p>Before the MRI-Exam</p> <p>No special preparation is needed prior to the exam. Eat normally and take medication as usual, unless your doctor has given you other instructions.</p> <p>You'll be asked to remove your make-up, eye glasses, watch, jewelry, credit cards, dentures, hearing aids and any other metallic objects you are carrying. The technologist will then help position you on the cushioned scanning table.</p> <p>Generally, you will lie on your back. A surface coil may be attached to the part of the body to be scanned. The exam usually takes 10 to 30 minutes.</p>
