AXIOM Artis Angio Application

In this course, participants will learn about new functions and operating procedures as well as refresh their knowledge of AXIOM Artis systems and gain insight into improving clinical workflows. Training is hands-on; new features and processes are demonstrated directly on systems.

Participants can apply their knowledge through practical exercises.

Target group:

This course is designed specifically for AXIOM Artis users who want to refresh or expand their knowledge of AXIOM Artis systems.

Participants

Min. 4, max. 6 persons

Fee

850.00 euros including VAT

Date and Language

05.12. – 07.12.2007 German

Location

Siemens Training Center
Allee am Röthelheimpark 3
91052 Erlangen, Germany

Course Number

AX8ARTANG

Course content

- › Safety issues when dealing with AXIOM Artis systems
- › Technical overview of system components
- › Improved operating and workflow functionalities
- › Exposure and fluoroscopy operating modes (DR, DSA, PERI, DYNA, Roadmap, Fluoro, Fade, Automap)
- › Organ programs
- › Performing workflow-oriented studies
- › Parameters and evaluation of image quality
- › Postprocessing and quantification
- › Dose management (CARE)
- › First aid in emergency cases
- › Working in network environments
